

STRANGE MYSTERY.

TAGGART
THE MAN.

—♦—

*Ella Gingles Names
Politician.*

**Irish Lace Maker Says That
Women Tried to Kid-
nap Her for Him.**

**Her Attorney Says Name
Was Used as Lure by
Persecutors.**

**Papers of Doctor, Expert In-
sanity Witness, Stolen
from Hotel.**

[BY DIRECT WIRE TO THE TIMES]

CHICAGO, July 6.—[Exclusive Dispatch.] "Tom" Taggart, Democratic politician and hotel-keeper at French Lick Springs, was today indicated by Miss Ella Gingles as the man to whom she was to have been sent for improper purposes by Miss Agnes Barrett.

Miss Gingles, defendant in the larceny charge preferred by Miss Barrett, is the person who mentioned Taggart's name, but admitted she had never spoken to him or even seen him and confessed that all she knew about him had been told to her by the complaining witness.

Subsequently the defendant's lawyer, Patrick H. O'Donnell, came to the rescue of the politician by telling a group of newspaper men outside of court

Had the believed assassin's name had really been "Gingie," the case would have been "persons who are persecuting Miss Gingie."

Hardly had this sensation begun to spread when those following the trial were told by the State's attorney that a third and anonymous communication against Dr. William C. Krohn, one of the expert witnesses employed by the prosecution, and that the plaintiff's home at No. 414 Lexington avenue was burglarized Monday night and his instrument satchel, which contained the original notes of his observations of the defendant at the Erasmus H. Willard Hospital, were stolen.

Tells Bathroom Story.

Mr. Short injected ginger into the case by tacitly accusing the defendant of being "coached" into his remarkable story, and nettled the defense by bringing out the fact that on January 16 before the jury. Mr. O'Donnell and his associate counsel, John P. O'Shaughnessy, bitterly opposed the admission of such testimony.

the hearing has shown assessment of the harrowing tale related by the defendant, ruled against him.

Judge Brentano agreed with Mr. Short that the truth or falsity of her story regarding the alleged assault on January 4 depended on the reliability which could be placed in her story of the second attack, and said:

"In the interests of the administration of justice I am going to permit the full story to come out."

She told the jury that the greater portion of the morning and at times laughed outright over Mr. Short's discomfiture resulting from his inability to trap her, but towards noon she abruptly changed her attitude and at the afternoon session contradicted herself several times, and when pressed too hard gave vent to a slight flow of tears and answered: "I don't remember."

WOMEN CRY IN COURT.

When Miss Gingles last rehearsed the unprintable portion of her testimony a number of her women friends in the courtroom began crying out aloud but were quickly silenced by the judge, who threatened to have them ejected.

Long before the afternoon session convened the waiting line of men and women extended clear from the courtroom doors on the fourth floor down to the main entrance. The majority of them were admitted. Judge Brainerd had stated that no women at all were to be admitted at the afternoon session, but Attorney O'Donnell convinced him it was imperative that the women supporters and friends of the defendants should be present. The result was that about thirty of the gentler sex were there.

Miss Gingles told the court and

 Friday evening at 8 o'clock.
 Widespread interest has been
 expressed in the meeting,
 which will be held under the
 auspices of the Merchants and
 Manufacturers Association.

TEACHERS WHO
COUGH BANNED.

Round Shouldered Pedagogues Unfit.

Rigid Pronouncement Urged
at Denver Convention.Physical Culture Has Its Day
at National Gathering.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, July 6.—No teacher with round shoulders and a hacking cough should be permitted to be in the school-room.

"The city is responsible for lowered mental and a weakened body in an increasing number of school children."

"Feed the physical body its education as you feed the brain its words and figures."

These were some of the points urged upon a huge gathering of teachers in the department of education of the National Education Association this afternoon.

William W. Hastings of Springfield, Mass., urged most of the above rigid pronouncements upon the teachers, and those who seemed to come straight from the shoulder none of his auditors took offense. On the contrary, they heartily applauded the sentiment, for a hygienic schoolroom, both from the view point of the schoolteacher and the scholar.

A discussion on the subject of health in the schoolroom, led by J. E. Peairs of Pueblo, Colo., brought out the fact that most of the teachers are in favor of large playgrounds and more work for the body, and, while not less work for the brain, that it be administered more moderately.

The question whether the American college had failed in its mission, developed a merry debate in the department of higher education, and Samuel Wendell Williston of the University of Chicago delivered an address which placed a new light upon the subject.

"EXCEPTIONAL" CHILDREN.

In the department of special education, Carroll C. Pusey of Milwaukee urged special care of the child "born short," and Sybrent Weasellius of Grand Rapids, Mich., spoke of the duty of the State toward the "exceptional" child. Both Mr. Pusey and Mr. Weasellius, who is a former State Senator, were of the opinion that the child afflicted in mind or body should be made the subject of special care.

"The city does not have the right to cripple the child mentally, physically and morally than any other agency," declared Prof. G. W. A. Luckey of the University of Nebraska. This morning's sessions of the physical education department, whether or not hygiene should become a part of school work, were the subject of discussion, and it was decided that such teaching would be the only relief for children crippled in mind and body.

S. A. Knapp, before the department of rural and agricultural education, said that the reason college-bred boys left the farm was not hard to understand.

"The trouble lies in education," he said. "Each child is born with a different intelligence, as has been taught, their sons, and their sons would remain at home."

To obtain the greatest results from the smallest acreage, said Mr. Knapp, is real farming and the end toward which the Department of Agriculture is aiming.

BUSY DAY AT CONVENTION.

Ten departmental sessions marked the opening rush of business today at the convention. This morning the departments of kindergarten, school administration, manual training, business, rural and agricultural, physical and Indian education held sessions.

Elmer E. Brown was the principal speaker before the kindergarten department. He was followed by Frank B. Dwyer of Cleveland and George M. Forbes of Rochester. Tonight Dr. N. M. Butler, president of Columbia University, was the principal speaker before the second general session of the association, in the Auditorium.

W. Abernethy, president of the University of Alabama, Tuscaloosa, Ala., spoke on ethics in civil life. Wilbur F. Gordy of Springfield, Mass., spoke on education and its reference to international peace.

Four new men appeared prominently today in the race for the presidency, regardless of the fact that a movement is on foot to elect a president to Elmer Brown. The candidates thus far are J. W. Phillips of Birmingham, Ala.; J. W. Phillips, Superintendent of Public Instruction of North Carolina; Ben Blewett, Superintendent of Schools of St. Louis; and A. S. Downing, First Assistant Commissioner of Education of New York.

ELECT MISS HELEN GOULD.

Bowers Fishing Club Decorates Her With Badge and Nemo Her Member of Society.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, July 6.—(Exclusive Dispatch.) Miss Helen Gould was made a member of a Bowers fishing club at an outing in Scarsdale yesterday afternoon. She had come from her Irvington estate in her automobile to attend the celebration of the John Callahan Fishing Club, of No. 261 Bowery, and after making a brief speech to the members, was decorated with the badge of the society and declared to be a member.

The Callahan Fishing Club, unlike most societies of that character, took to Fourth of July outing on the land and visited the home of its founder, John Callahan, near Scarsdale, where the only water is a tiny rivulet trickling by the roadside. The club, however, is committed to water, for it is largely composed of reformed drunkards and outcasts connected with the Hardy Rescue Hall on the Bowery.

HOTEL MAN ACQUITTED.

Molavia Trial of Liquor Case "as result in Acquittal of Defendant Innkeeper."

SPECIAL CORRESPONDENCE OF THE TIMES. MONROVIA, July 6.—(1:30 a.m.) The jury in the case of E. E. Cronquist, accused of violation of the liquor ordinance, returned a verdict of not guilty late at 1 o'clock this morning.

The trial was in City Recorder Evans' court before Justice Glover of Azusa. Mr. Cronquist is the proprietor of La Vista Grande Hotel. The specific charge was that he kept a house where liquor was sold in violation of the law.

Members of the jury stated that the chief reason for returning the verdict of acquittal was that most of the evidence submitted at this trial was that which was offered in the trial of the same defendant on a similar charge some time ago, which previous trial resulted also in acquittal.

William W. Hastings, who yesterday, at N.E.A. convention, took hard rap at puny teachers.

KANSAS AIRSHIP BILLED
TO SURPRISE THE WORLD.

Inventor Is Confident of the Success of His Machine Which He Will Test Today—Aerial Company Succeeds in Selling Stock to Farmers by Hinting That the Show Might Be Given Elsewhere.

(BY DIRECT WIRE TO THE TIMES.)

GIRARD (Kan.) July 6.—(Exclusive Dispatch.) Tomorrow will be airship day in Girard. Henry Laurens, president of the Aerial Navigation Company of America, will test his new ship on the field east of the city.

Numerous visitors from abroad watched the removal of the end from the structure preparatory to the removal of the ship today. It is expected that not less than 30,000 people will witness the trial tomorrow afternoon.

The manager of a museum at the Seattle Exposition is said to be prepared to make negotiations with the company for an exhibition at Seattle. Call affirms his faith in the new airship, which will startle the world.

The merchants of Girard, most of whom are financially interested in the enterprise, will close their stores, and farmers will stop work and come in to see the show.

The rumored intention of Mr. Call to take the ship elsewhere for its initial flight caused a large amount of speculation.

SHADES OF TRILEY.

FAMOUS LATIN QUARTER
SOON TO BE BUT MEMORY.

(BY DIRECT WIRE TO THE TIMES.)

PARIS, July 6.—(Exclusive Dispatch.) Those Americans who have not yet seen and enjoyed the delights of the Paris Latin Quarter must hurry, for in another six months it is likely that few traces will remain of that romantic part of the city. This morning the first piece of the wall was used on the foundations of the old walls, made famous by so many writers, while house-wreckers are already taking possession of certain short thoroughfares, which have been the birthplace of much that is best in French art and literature.

Unmoved by the protestations of sentimentalists, by petitions, or by memorials of historical societies, the municipal council proposes to carry out the plan announced December 24 last. The time has come to clear out the squalid neighborhood across the Seine.

The cost of this tremendous improvement was estimated at last night's session of the Municipal Council at \$160,000,000. The prefect of the city has been asked to issue bonds for that amount, but the work doubtless will cost much more than the sum named. It will take ten years to complete the alterations, although the council thought five years sufficient.

One of the head architects of the city of Paris, who is partly in charge of the plans of the undertaking, declared today that even as a business attraction the Latin Quarter had lost value.

LOFTY AMBITION.

PROF. TODD HAS
BIG NEW PLAN.TO TEST POSSIBILITY OF LIVING
MILES HIGH.

Will Try Effect of Compressing Rarefied Air Twenty-five Thousand Feet Above Earth to Learn If It Will Sustain Human Life at That Altitude.

(BY DIRECT WIRE TO THE TIMES.) AMHERST (Mass.) July 6.—(Exclusive Dispatch.) Prof. David P. Todd, who is going to try a 25,000-foot ascension in a balloon and attempt to communicate with Mars by wireless telegraphy, has given new light on his experiment.

"The object of my balloon trip," says the professor, "is to learn whether a height of 25,000 feet air pumped from the surrounding atmosphere and compressed will support human life."

It is my theory that it will. If my balloon experiments prove that I am right, then I will have established the feasibility of a plan I have for building the highest and consequently the most efficient astronomical observatory in the world. This observatory will be on the summit of Mount Chimborazo, in the Ecuadorian Andes.

This peak has an altitude of 21,000 feet. It is perpetually covered with snow and ice. The atmosphere is so rarefied that human beings cannot breathe. Hence the utility of my experiments with compressed air. "I believe that life must have existed on Mars millions of years ago. The question is, could an animal organism have adapted itself to those slowly-changing conditions? If that is possible then perhaps there are some

not guilty, says trust. American Sugar Refining Company Officers Enter Similar Pleas to Indictment.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, July 6.—The American Sugar Refining Company, in the United States Circuit Court today, entered pleas of not guilty to the indictments recently returned against it as a corporation, charging conspiracy and combination in restraint of trade, and with monopolizing raw and refined sugar. Similar pleas were entered by the officers of the company.

Judge Hand accepted the pleas, and granted counsel two weeks' time to demur or take other action regarding the indictments.

BOYS BURNED,
HOME ASHES.Fireworks Start Fatal Blaze
at Healdsburg.One Brother Dies Trying to
Save Another.Student Probably Fatally
Burned at Resort.

(ASSOCIATED PRESS NIGHT REPORT.)

HEALDSBURG, July 6.—As a result of their Fourth of July celebration, Harry and Julius Buchignani, aged 18 and 16, respectively, were burned to death when their home was destroyed by fire last night. Their brother, George, aged 14, was fatally injured while trying to rescue them.

The father of the three boys is a prominent business man of this town, and celebrated the Fourth at home with his wife and five children. Some of the fireworks, it is said, were set off in the front of the house, but the blaze was supposedly extinguished. It is believed some sparks smoldered for a time, and broke out again after the family had retired.

According to Mrs. Buchignani, she was awakened by the glare and crackling of flames and with a scream hastily picked up the two younger children, and ran out of the house. Harry, the oldest boy, also ran out but missed the younger brothers. Uprooted by the fire, he was thrown back and landed on his head. He was picked up by Julius, who was trying to help his brothers, saw the danger in time and fought his way through the flames, but was so seriously burned that little hope of his recovery is entertained.

The position in which the charred remains were found today indicated that the older boy was carrying the other when he fell in on them.

STUDENT BADLY BURNED.

(ASSOCIATED PRESS NIGHT REPORT.) SANTA ROSA, July 6.—Arthur Kellogg, a student in the affiliated college of San Francisco, was probably fatally burned at Healdsburg, a near by summer resort, tonight.

Kellogg was spending his vacation at Monte Rio, but today went to Healdsburg to visit friends. Upon reaching their house he discovered it was burning. He rushed into the structure to see if all his belongings were safe, and after completing his task, found that he himself had been burned. He was taken to the hospital.

After being badly burned, he sought refuge by jumping out of a window. His father, who is a San Francisco physician, left the latter city in an automobile to aid his son.

FEAR FOR PROF. NEWCOMB.

World's Foremost Astronomer Is Lying Dangerously Ill at His Home in Washington.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 6.—(Exclusive Dispatch.) Prof. Simon Newcomb, the leading astronomer of the world, is seriously ill at his Washington residence. Prof. Newcomb has been in bed for some months. He was treated at Johns Hopkins Hospital, Baltimore, for several weeks this spring, suffering from a complication of ailments, but received small benefit. His most recent attack has left him in a very weak condition, and considering his advanced age, 74 years, grave years are expressed for his life.

His most recent attack has left him in a very weak condition, and considering his advanced age, 74 years, grave years are expressed for his life. He was appointed a professor of mathematics in the United States Navy in 1881, and assigned to duty at the naval observatory, Washington. He served as director of the Naval Almanac from 1877 to 1891, the year of his retirement from the navy. In 1882 he directed the naval

HIS BABY
SAVES DAD.Also Makes Five Dollars in the
Transaction in
Court.

BY DIRECT WIRE TO THE TIMES. CHICAGO, July 6.—(Exclusive Dispatch.) A five-weeks-old baby saved its father from the Bridewell and earned \$5 in Municipal Judge Newcomer's court today. The father was Max Lucvich, who told the court he told night and day for his wife and two children. After he had been directed to cease selling fireworks in Madison street Saturday, the defendant disobeyed the orders of a policeman, and returned the following day to sell off a few "sparkers."

"I see the temptation was too much for you to overcome," said the court. "It was my intention to fine you \$5 and costs, but in view of your family, I will let you pay the fine to your five-weeks-old baby. You can thank your little one for saving you a term in the Bridewell. Discharged."

expedition to the Cape of Good Hope to witness the transit of Venus. He is one of the eight foreign associates of the Institute de France, the first American to be so honored since Benjamin Franklin.

COL. TUCKER MARRIES MURBE.

Wedding of Recently Divorced Army Officer & Mrs. Platt Takes Place in Detroit.

(BY DIRECT WIRE TO THE TIMES.) DETROIT (Mich.) July 6.—(Exclusive Dispatch.) The marriage of Col. William F. Tucker of the paymaster's department of the United States army and Mrs. Myrtle Platt took place in Detroit today. The pair were married at noon by Justice of the Peace Felix Lemke, and a church ceremony followed on the return of the couple from the long trip on which they started immediately after the wedding.

The ceremony took place at the residence of Rev. William S. Seyres, State field missionary of the Episcopal church. Mrs. Platt has been his guest for several weeks and it had been rumored and indefinitely denied several times that as soon as Mrs. Tucker obtained her divorce, Col. Tucker would wed Mrs. Platt.

Just when Mrs. Platt came to the city no one who knows will state. Neither is it known when Col. Tucker came here, or where he stayed since his arrival. The matter has been kept so well guarded that though newspaper men have been working on clues for several days they have been able to learn nothing.

WOMAN AVERTS KIDNAPING.

Struggles of Little Girl With Mexican Attract Attention and She Interferes in Time.

(BY DIRECT WIRE TO THE TIMES.) EL PASO (Tex.) July 6.—(Exclusive Dispatch.) Noticing the struggles of little Mendez, McCormick, daughter of Mr. and Mrs. L. E. McCormick of Clifton, Ariz., who was being forced to walk along a residence street with an unknown Mexican, Mrs. T. Del Campo intervened and averted a kidnapping.

The girl had been to a band concert with her grandmother, but in the crowd became lost. She started for the home of A. D. McLean, where she was visiting, when the Mexican volunteered to show her the way. As soon as she discovered he was not taking her the right direction she resisted and her efforts attracted the attention of Mrs. Del Campo, who questioned the Mexican. He made his escape.

TARIFF BILL IS COMPLETED.

Committee of Whole Reports Measure to Senate.

Tobacco Amendment Only One Not Adopted.

Exemptions Made in Corporation Tax.

WASHINGTON, July 6.—The tariff bill was completed today by the committee of the whole in the Senate.

All sections of the bill that Senators had not time to reach for further amendment will be agreed on in bloc.

The Senate will consider the tobacco amendment, the only amendment not adopted in committee of the whole.

The amendment, which was in an uneventful fashion today. Various amendments offered by the committee were adopted, after which Senator Smith moved to the desk an amendment to the tariff on tobacco.

This, he said, had been recommended by the Finance Committee.

Senator Daniel of Virginia, the ranking minority member of the Finance Committee, denied that the provision had been recommended by the committee.

Senator Aldrich agreed to withdraw the amendment, but he insisted that it be agreed tomorrow morning by the full Finance Committee before reporting to the Senate.

Among amendments to the tariff adopted today was one exempting labor organizations, fraternal beneficiary societies, and organizations exclusively for charitable and educational purposes from the corporation tax.

Amendments were adopted specifying that Canada and the West Indies were to be considered contiguous countries affected by the discriminating duty of 10 per cent. ad valorem on imports not manufactured in those countries and introduced into the United States, and also extending from two to six months in any one year the period during which domestic-built vessels may engage in the coastwise trade.

Another amendment relieves the United States from reciprocal obligations toward foreign ratings, in the matter of tonnage dues.

The conference on the Payne bill will conclude their work in less than a week, President Taft, before he left Washington Saturday for Massachusetts, predicted. It is asserted by a man who discussed the tariff with him, that they would go to conference on July 7.

FIXING TOBACCO TAX.

The Senate Committee on Finance completed its discussion of the internal revenue provision of the bill fixing taxes on tobacco and it was reported to the Senate soon afterward.

The existing rate of \$3 a thousand on cigars weighing more than three pounds a thousand, and it was provided that a provision was added increasing the tax on high-grade cigars. This provision

fixes a tax of \$3 a thousand when the wholesale price is between \$15 and \$16. Where the price is between \$16 and \$17, the tax is fixed at \$3 a thousand. On cigars weighing three pounds or less a thousand, the tax rate of \$1 is reduced to 75 cents a thousand, an increase of 25 cents over the existing rate.

On cigars weighing more than three pounds a thousand, the House rate of \$3 is reduced to \$1.50 a thousand, which still leaves an increase over the existing tax.

The tax on snuff is fixed at 8 cents a pound. The tax on chewing and smoking tobacco is also made 8 cents a pound, and this rate is made to cover fine cut, cavendish, plug or twist, cut or granulated tobacco of every description.

The existing rate on snuff and smoking and chewing tobacco is 8 cents.

The use of coupons any form of premium slips in packages of tobacco is prohibited. This section is considered to be an attempt to protect any form of trade stimulants through the medium of gifts.

The laws governing the signs of packages of cigars are reduced.

Additional sizes of packages of smoking tobacco are permitted by the Senate enactment.

It is provided that the new taxes shall not take effect until July 1, 1933.

Declaring that while great on land, the United States was important at sea, Senator Ekins of West Virginia declared at the next session of Congress he would exert himself to the utmost to improve the situation.

Speaking in the Senate on the Senate amendment to the tariff bill, Senator Ekins said that he had introduced an independent bill along the same line which he would press to pass if possible.

He asserted that the people of the United States were paying \$50,000 a day to the shipping companies for the use of their goods. He called attention to the fact that whereas fifty years ago we were transporting 25 per cent. of our own merchandise in American vessels, now we are carrying only 7 per cent.

SENATOR DAVIS EXPLAINS.

NOT AT WHITE HOUSE DINNER.

WASHINGTON, July 6.—As one father to another, Senator Jeff Davis of Arkansas explains to President Taft in a letter made public today that his failure to attend the White House dinner the other night at the President's invitation was due, not to insubordination, but to his pursuit of his 12-year-old son, who went to Fort Meyer to see the airplane fly, and did not return. Explaining his search for his son, Senator Davis said: "I did not return until it was too late to be present in obedience to your kind invitation."

PICK CONFERENCE.

TARIFF TALK NEARS END.

WASHINGTON, July 6.—The Senate rapidly approaching the day of final consideration of the tariff bill, attention is being given to the selection of the conferees on the part of the Senate. It was reported today that the Senate will be to attempt to bring the two bodies into agreement on the measure.

Gossip has it that Senator Aldrich picked a thick bunch of his Republican colleagues, and the aged millionaire's letters in reply, in the effort to prove that the octogenarian for several years before his death had not been sound mentally. In this trial, it is said, the names of women who are alleged to have received several hundred thousand dollars from the aged Senator will be given. It will be shown that the old man was systematically lied by many women and girls who made love to him in order to get his money. Snell is said to have determined to shield the women so longer.

MAYOR BUREAU IMPROVING.

CHICAGO, July 6.—Mayor Bureau, who underwent an operation for appendicitis a week ago, continues to improve and the physical man who is said to be able to resume the duties of his office within a short time.

JOB STUCK TO HIM.

ASSOCIATED PRESS DAY REPORT.

LIMEDALE (Ind.) July 6.—For 32 years W. J. Steeg, a Democrat, postmaster at Limedale, has hoped in vain that some Republican would move into town and get his job. The office did not pay much, anyhow, and on the Fourth of July Steeg decided to assert his independence and throw up the job. Steeg was appointed postmaster by President Hayes, the Democrat will be his successor, because Limedale is still without a Republican voter.

PEARSONS MAKE GIFT.

ASSOCIATED PRESS DAY REPORT.

CHICAGO, July 6.—A gift of \$50,000 to Whitman College, Walla Walla, Washington, by D. K. Pearsons, the Chicago philanthropist and friend of small colleges, was announced here today. Mr. Pearsons' benefactions to the Washington institution now aggregate \$200,000.

FRIENDS AID BRANDENBURG.

ASSOCIATED PRESS DAY REPORT.

ST. LOUIS, July 6.—Friends of Broughton Brandenburg, the author, who was brought here yesterday from New York to answer to an indictment charging him with fraudulently entangling James H. Campbell, III, in his home, today are arranging to have him released from jail on bond. Brandenburg may not be arraigned until he is brought to trial.

DENTAL BUTTER BOARD.

ASSOCIATED PRESS DAY REPORT.

CHICAGO, July 6.—Edwin L. McAdams' charge that the quotations on the Chicago board of dental supplies were inflated by the board members for their own particular benefit and in restraint of trade is flatly denied in an answer filed here today to McAdams' suit.

Pennsylvania, Burrows of Michigan, and the Democratic Senator who will participate in the conference probably will be Daniel of Virginia; Money of Mississippi and Bailey of Texas.

In the House, Speaker Cannon, according to the reports, probably will be Daniel of Virginia; Money of Mississippi and Bailey of Texas.

McCall of Massachusetts and either Call of California or Needham of California as the Republican members, and Champ Clark of Missouri, Underwood of Alabama and Griggs of Georgia as the Democratic members.

SEEK IDENTITY OF WOUNDED.

Many inquiries at War Department Regarding Officers Engaged in Battle With Moro Forces.

WASHINGTON, July 6.—Many inquiries reached the War Department today as to the identity of the officers and soldiers reported to have been wounded yesterday during the engagement with Jikiri, the Moro outlaw chief, and as to the character of their injuries.

The officials were unable to give any information because no official report of the fight had been received to the close of office hours.

Of the officers reported wounded, Second Lieut. John T. Kennedy is from South Carolina, and was graduated from the Military Academy in February, 1909.

First Lieutenant Archie Miller is a native of Illinois, and served during the Spanish-American War in the 10th Cavalry, and was afterward appointed to the regular army.

Second Lieutenant Arthur H. Wilson is from Illinois, and was graduated from the military academy in June, 1904.

Capt. Pyram, who commanded the military part of the expedition, is a native of Mississippi.

WASHINGTON BRIEFS.

For Full Crews.

WASHINGTON, July 6.—To insure the safe and efficient handling of American vessels, Representative Wright of Mississippi yesterday introduced a bill to prevent undermanning and unskilled manning of American vessels. The measure has the approval of the International Seamen's Union of America.

Flint Gathers Figures.

WASHINGTON, July 6.—[Exclusive Dispatch.] Senator Flint has had compiled figures to show that the income from the corporation tax, based on this year's figures, would amount to \$23,388,400, divided as follows: National banks, \$12,625,700; savings banks, \$3,200,000; insurance companies, \$2,762,400; railroads, \$1,980,220; other corporations, \$3,260,000.

Alcohol Fails.

WASHINGTON, July 6.—Inspectors and revenue agents on the denatured alcohol rolls of the Internal Revenue Bureau have been disappointed because their services are no longer needed. The expectation that denatured alcohol would make rapid strides in supplying gasoline as a motive power for small farm engines, automobiles, etc., has been disappointed.

HONK GOES AUTO. (Exclusive Dispatch.) J. E. Williams, a liverman, last night sustained painful injuries when his buggy was turned over and rolled down the embankment on the Curpiss road. Just after going over the summit an automobile whizzed around a curve within a few feet of where the team was holding back on the steep incline. The horses driven by Williams were startled and the buggy rolled over and over, catching Mr. Williams in its fall. He was picked up by the occupants of the machine and hurried to Goldfield. Williams will be confined to bed for some time.

SPORTING NEWS, LOCAL AND TELEGRAPHIC.

EAGAN'S HIT WINS GAME.

Hogan's Hooligans Skin the Beavers in First.

Two Home Runs Live an Otherwise Dull Contest.

Van Haltren Greeted With Cheers as Umpire.

Vernon, 4; Portland, 2.

With the score tied and two men out in the last half of the ninth inning, Truck Eagan smashed a single past second base and sent Brainerd across the plate with the winning run, in the opening game of the Vernon-Portland series at South Side Park yesterday afternoon. The hit was timely from every standpoint. The small number of fans had been squabbling about the bleachers for more than two hours, waiting for something real interesting to turn up, and the prospect of an extra-inning game was anything but pleasing.

Two slashing home runs, one over the center field fence by Fisher and the other over the right field barrier by Bernard, lived things up a little and gave the bugs something to howl about, but time between which was so long that had not the umpire made some doubtful decisions and had not Hogan given several sections of the mouth organ the exhibition would have been as lively as an expurgated edition of Marcus Aurelius' "Meditations."

An entanglement occurred in the fourth inning, in which all the players had a hand but from which the fans held aloof, not because they hesitated to use violent language, but because nobody knew what was going on. After Haley struck out, McCredie sent Garrett to relieve Drabot, who was not receiving from his original wildness very rapidly, having just walked Eagan and Martine in succession. Coy was walking up to bat, but when Hogan saw the new pitcher going in, he recalled Coy and sent Willett to the plate in his place. Then McCredie, noticing the change of batsmen, decided to let Drabot stay in the box, and then Hogan cancelled his order to Willett. Jimmy Toman got busy, wanting to know what was what, and the players began to swarm into the middle of the diamond. For considerable jawing, the game proceeded without any changes.

ROUGH STUFF.

Ryan, the Portland center fielder, was sent to the bench in the fifth inning for handling Ump Toman a string of rough talk. He didn't like some of the remarks made by the preceding inning and couldn't get them out of his mind. Toman tried to show him away a couple of times, but Ryan wouldn't keep still, so Toman put him out of the game.

George Van Haltren made his first appearance here as an umpire. The fans gave him a rousing reception when he came on the field. He wore a uniform that looked like that of a master's cast-off and didn't seem so sorry as he did in the old days. He worked on the bases and in the outfield two or three occasions for voicing vicious howls of disapproval, especially when he called Haley safe on a close decision at second. Van Haltren, though, and he isn't the worst referee in the country by a long shot. Garrett replaced Drabot in the box in the last of the seventh inning, and the change proved a lucky move for the Vernon clan. In three periods start and when the Southerners tied the score in the fifth, the Lawmakers came back with two.

The three hits which "Steamer" Flanagan unloaded came at opportune times and all played their part in the run-making. There was a tie in camp when the home guard started off with a run in the first round, for it was the only time when they had been on speaking acquaintance with the rubber for forty-five innings.

Gabha's high-bouncer over the pitching hill with Doyle on third brought in the much-prized hoodoo cheater. Jud Smith and Delmas got away with some great catches while Howard was all to the bad, erring at critical times.

In the three succeeding innings there was nothing doing. Vernon started something in the second but couldn't finish it. Truck hit a nasty one to Brown, who threw low to Orl, who bungled, and the runner got to second. Martine singled and Truck trotted to third at a leisurely pace. Martine died at second on Haley's hit to Olson and Haley advanced on a steal that looked like an out and caused an uproar, but Coy and Hogan were ready and the side was retired.

Again in the fourth, Vernon threatened to make a killing, but "petered out." Stovall hit safe to Olson and Eagan and Martine walked, flung the bases with some out. Stovall tried to pull off a squeeze play but got nailed, and then the next two men died.

Portland got its second score on Fisher's home run in the fifth and another in the sixth and from the way things were running it looked as if Haley's band was going to be beaten a mile. Hogan was responsible for the tally. The bases were full, Brown was on third and one man was out. Fisher hit to Brainerd, who threw Brown out at the plate. Hogan threw to catch the runner at first but hit Fisher in the back and he was safe. Graney scoring on the play.

Vernon broke the ice in the sixth inning, scoring two runs as the result of Brown's error. Eagan and Coy were on the bases and two men were out. Hogan hit a hot one toward second and it went through Brown, Eagan and Coy scoring. The bases gathered another in the next inning on Bernard's home run and tied the score. Four men reached the bases in the sixth, but a double play in which Orl caught Haley's bunt and threw out Brown at first cut off any scoring.

Portland went out in quick order in the ninth, and in its turn Vernon seemed to be on the same road. Brainerd struck out and Olson scooped up Bernard's fast grounder in circus style and headed him off at first. Stovall drove one at Garrett and the small hit him and bounced over to third base, the runner being safe. Stovall received an in-school strike. It was up to Eagan to do something and he produced the goods, hitting through second and sending Brainerd home.

KOESTNER SOLD TO CLEVELAND.

(BY DIRECT WIRE TO THE TIMES.)

CLEVELAND, July 6.—[Exclusive Dispatch.] The Cleveland club purchased Pitches Koestner of the Los Angeles club in the Pacific Coast League this evening. He will not report until next spring. Scout "Jim" McGuire recommended him to the Cleveland club. He is the most successful pitcher in the Pacific Coast League this season, standing six feet, two inches tall, and just 21 years of age. McGuire believes he should be a good man.

*As Board of Equalization
Huge Volumes—Increase*

**UTILITY CORPORATIONS NEAR
TEN MILLIONS IN TAXABLE F**

COUNTY ASSESSOR HOPKINS yesterday turned his assessment rolls over to the Supervisors, who now sit as a board of equalization.

the rolls consist of sixty-five volumes of 300 pages each, each page having twenty-seven lines. The Assessor himself does not think that this vast array of figures has been assembled without error, and the review they will receive by the board of equalization will serve not only to verify the conclusion of the official as to values, but also to correct any mistakes that

There is widespread interest in the questions placed upon the street rail-

FIXING OF VALUES.

Last year, the Home Telephone Company objected to being assessed at almost \$1,000,000 for its operative franchise. With that fact in mind, many people who will observe that the sum-

...this year is valued at less than one-third that amount, will be ready to condemn the Assessor. It is interesting to know how the official arrived at his conclusion in the matter.

...he knew that the investment of the corporation is over \$400,000, and for assessment purposes this is cut in half. Last year, the taxes were laid on a valuation of \$205,445. The year reported, the

The difference between these two fixes the value of the operative lease—\$553,360.

For the year, owing to increase in value of the property, the assessable value is placed at \$2,355,900, an increase of almost \$200,000. The company retained real estate and improvements, lines, underground

The difference this year raises the value of the operative franchise only \$306,405.

If a corporation tries to dodge, by reporting property owned, the charge is naturally added to the item, whereas, if a large value property is reported, it reduces the amount charged against the operative franchise.

NEARLY CUT IN TWO.
The Pacific Telephone and Telegraph Company is assessed \$300,000 more than last year, but the value of the franchise is nearly cut in two, being only \$770,000, instead of \$1,573,750. The total assessment of the corporation last year was \$2,635,900; this year it is \$2,735,850.

The total mileage of the 1933, an increase of about thirty miles during the year. The

franchises this year are valued at \$3,509,485, as against \$3,954,425 two roads last year, an increase of \$375,000. The corporate assets this year valued at \$2,100,000, as against \$645,863 for the two last year, an increase of \$1,397,137. In taking over the Interurban Electric has also assumed liability for \$14,370,000 worth of bonds.

Los Angeles Railway has in-
creased its roadbed by thirteen miles
this year, and its assessed value
is \$4,948,195, an increase of \$40,-
000. Its operating franchises are placed
at \$4,540, the same as last year, but
its principal place of business was re-
located from Santa Barbara to escape be-
ing assessed for a corporate franchise.
Assessment of the Los Angeles
Railway, above, - *Continued*

its stocks and bonds being much lower than last year. The rolling stock, personal property and improvements will be largely increased, and franchises reduced. The road is valued at \$4,678,800. Its operating lines are valued at \$1,054,230, a decrease of \$54,190, and its corporate net worth at \$5,628,590, nearly \$400,000 less than last year.

REDONDO RAILWAY.
Los Angeles and Redondo Rail-
road, assessed at \$994,330, an increase
of \$4290. Its corporate franchise
is for 99 years (1900) and its operative
term is given at \$307,550, a slight
decrease due to the decrease in value
of the road, improvements and rolling

Los Angeles Gas and Electric is assessed at \$4,963,500, an increase of \$56,000. The value of its franchises is reduced from \$1,204,010, and its corporate assets from \$543,115 to \$315,685. The plant has been largely increased and the bond issue increased 700,000.

Alison Electric Company is assessed at \$2,008,700, an increase of \$1-

[illegible]

franchise is valued at \$1.1 million, an increase of \$393,460 over last year. The company's 1987 franchise fee is \$10,000.

Domestic Gas Company (organized in 1978) and City Gas Company and not in 1987 last year) is assessed at \$1.1 million and the People's Gas Company is assessed at \$141,560.

MAKES TEN MILLIONS.

MAKES GREAT PROGRESS.

ties has gained \$10,000,000 in property according to the foot-candle 1909 assessment. The total made by Assessor Mallard was \$48, and the total of the lot, after equalization last year, was \$38,570,270. The gain is from the improvement total \$68,920,165 this year.

roll, as transmitted to the city, there are \$3,000 assessed. Mr. Mallard says there was no getting statements this year before, attributable to the dissatisfaction of the people with the city's financial condition and prosperity and the growth of the city in the matter of meeting the needs of the municipal government at least.

changed by the Council, when it meets Monday, as a board of equalization, but there must yet be added to it several districts which were not included when the footing was made. The assessment will provide the city with a revenue of \$2,500,000, less the usual per cent. of delinquency. Assuming that the tax rate of \$3.35 is continued, the maximum for municipal purposes is \$1, and the other \$5 cents is levied for the bonded debt sinking fund and interest. Whether this will be sufficient for the coming year, considering the added millions of aqueduct debt, is to be computed by the City Auditor, but even if it must be increased, it is regarded as certain that a 30-cent levy for interest and sinking fund will be possible without increasing the general tax rate.

Last year, the municipal rate of \$1 included 14 cents for school purposes. This year the school taxes will, under the operation of a law passed by the last Legislature, be levied and collected by the Supervisors. This will give the Council 14 cents less in revenue. The new levy, with this 14 cents many improvements in the public service are planned, but these are not the main reason why the greater part of it should be devoted to the early extinguishment of the aqueduct debt.

At a board of equalization, the Council hopes to end the work in a week, as the charter amendment omits the reading of the entire roll. The law requires daily sessions, but the expectation is that the work will be postponed to the bulk of the work until after the Elks' convention.

Many corporations are preparing to ask reductions of their assessments, though the new figures are not materially different from those of last year. The figures for the public utility companies are:

Los Angeles Gas and Electric Company	\$4,242,000
Los Angeles Railway Company	1,244,000
Los Angeles Railway Company	1,244,000
Home Telephone Company	2,532,000
Edison Electric Company	2,532,000
Edison Electric Company	2,532,000
Pacific Electric Railway Company	2,532,000
Pacific Light and Power Company	2,532,000

Los Angeles Gas and Electric Company, which is assessed at \$4,242,000, is assessed at \$4,242,000. The Los Angeles Railway Company, which is assessed at \$1,244,000, is assessed at \$1,244,000. The Home Telephone Company, which is assessed at \$2,532,000, is assessed at \$2,532,000.

Administration building plan, Imperial Valley College Institute.

Francisco. But the days when the political plums are divided around the State have passed. This marvelous new direct primary law has changed all that. No longer will one candidate be chosen from Humboldt, another from the Bay, a third from south of the Tehachapi, etc. The man who calls San Francisco or Los Angeles his home will be the best of it, because the votes are there. The unknown gentleman from Modoc or Klamath might as well content himself with local honors. He stands no show.

It costs a heap of money to run for office under the direct primary, for the reason that each candidate must have a high-class campaign. The man who is well known, and who has political friends, is at an advantage over the other. He must spend money to get. Curry is a poor man. But none has a better acquaintance throughout the State. He would not be on the map today if the direct primary law had been in effect when he entered politics with nothing but local popularity to back him. Curry likes the direct primary. He knows the voters know him, he can organize his forces without much expense, and, in other ways, he is a better man than the others who are standing still.

The State primary will be held thirteen months hence. No State campaign ever began so early before. The primary law is responsible for that. With no conventions, and no national delegations depending upon popular vote, the early candidate picks up a lot of votes. The State primary is only following the example of other States suffering under the direct system in making a continuous campaign of politics. There is no longer dividing line between campaigns. They overlap each other.

This expression of overlapping is being used. The people do not know it, perhaps, but at the August primary of next year we shall have the Presidential contest of 1912 on our hands—two years before the Presidential election. The 1912 voters in this State will have a vote in the selection of the President. And it is doubtful whether, as the law reads, they will have a voice in the selection of the Vice-President. And it is doubtful whether, as the law reads, they will have a voice in the selection of the Vice-President.

For it is the direct primary law that is responsible for the fact that the 1912 voters in this State will have a vote in the selection of the President. And it is doubtful whether, as the law reads, they will have a voice in the selection of the Vice-President. And it is doubtful whether, as the law reads, they will have a voice in the selection of the Vice-President.

For it is the direct primary law that is responsible for the fact that the 1912 voters in this State will have a vote in the selection of the President. And it is doubtful whether, as the law reads, they will have a voice in the selection of the Vice-President. PROGRESSIVE. NOT DEVOTED TO CROPS ALONE.

IMPERIAL VALLEY TAKES PRIDE
IN ITS SCHOOLS.

Collegiate Institute at Weber Promises to Attain Importance in Educational World and May Be Patronized by Best Mexican Families—New Buildings Planned.

Imperial Valley, while putting its energy into the development of its agricultural resources, is not neglecting education. In addition to its first-class grammar and high schools, it has a more ambitious institution of learning, known as the Imperial Valley Collegiate Institute, located at Heber, about midway between El Centro and Calexico.

Plans have been accepted by the board of trustees for the first of a group of buildings for the institute grounds, which, it is believed, is the first of its kind in the Imperial Valley. The contract for its construction is to be awarded August 1. The architect is Samuel B. Zimmer.

The Collegiate Institute owns a 100-acre interest in Heber townsite, and also is the possessor of eighty acres of the finest land adjoining the town, which was the gift of Mrs. A. M. Heber of Los Angeles. It is to be used as agricultural and horticultural experimental grounds, and it is probable that the State Agricultural Station, provided for Imperial Valley by the Legislature, will be located on a site on a portion of the institute grounds.

The institute has the backing of the Southern California Congressional Association, and after the endorsement for support and enlargement of its equipment. The dean is Charles J. Booth.

It is believed that the institute is only a few miles from the international border, it will be well patronized by high-class Mexican families, who desire their sons and daughters to receive the best educational advantages.

COUNTY THE LOSER.
Board of Supervisors Has Not Right to Collect for Wharves in Incorporated Cities.

The Board of Supervisors received a communication from the Chief Deputy District Attorney regarding its right to collect for wharves in incorporated cities. The case was brought out by the contention of San Pedro that such licenses are within its province. The case was decided in favor of the city of San Pedro.

Applications for winery licenses were made by A. O. Man's Cation, north of Saugus; Antonio Francis, in Plum Canyon, near New River; and by Police Commissioner Wilmington precinct. William Cooper wants a pool and billiard room.

RECEIVER FOR STREET RAILWAY HINTS AT ROBBERY.
Tells Stockholders of the Third Avenue Line That Between Sixteen and Seventeen Million Dollars Have Been Lost—Offers Little Hope for the Future.

(BY DIRECT WIRE TO THE TIMES)
NEW YORK, July 6.—[Exclusive Dispatch.] Cold comfort was given the holders of the \$16,000,000 common stock of the Third Avenue Railway today by Receiver Frederick W. Whitridge before the Federal Public Service Commission, to inquire into the merits of the reorganization plan. The stockholders are to be assessed \$12 a share, or \$4,000,000; but Mr. Whitridge intimates that the stock was worth only a dollar a bushel.

Mr. Whitridge took no pains to conceal his belief that, under the plan, the stock would not be worth anything as a dividend producer for a great many years, if ever.

Mr. Whitridge made an astounding statement. He said the earnings on the Third Avenue line proper were \$22,000,000 last May than May of last year. He could only account for the increase by the use of pay-as-you-enter cars.

He asserted there was no water in the capital of the Third Avenue, past or proposed, and when there was a road of disapproval, he proceeded to justify his declaration in a letter that plainly said he believed the road had been robbed of between \$10,000,000 and \$12,000,000.

Samuel D. Levy, counsel for protesting stockholders, announced he would submit to the commission an alternative reorganization plan. The hearing will go on at 2 p. m. tomorrow.

License at Calabasas, and Nicholas Ochoa taken for a restaurant liquor license at San Gabriel. Action will be taken next Monday.

The board received a letter from Miller of Palms, complaining of the Ocean Park Incinerator. He asserts that it is offensive, smells badly, is a menace to health, throws out burning bits of paper which set fire to the stubble in the fields, and that it was erected out of spite by the city. The case was referred to County Health Inspector Stafford.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try it.—Adv.

FRONTAGE GIFT GOES TO CITY.

San Pedro Trustee Springs a Harbor Surprise.

Application Much Protested Is Withdrawn.

Consolidation Rally Tonight at Terminal.

That protested application for a lease of 800 feet of the East San Pedro water front was withdrawn at the meeting of the San Pedro City Trustees yesterday. All the members of the board were present. The withdrawal was by Attorney E. C. Denio, representing F. E. Shaw of Long Beach.

The same frontage and also another 130 feet of East San Pedro water front are to be dedicated to the public forever for landings. The City Trustees took action to this end yesterday.

When Attorney Denio made the withdrawal he did so with a sarcastic remark that his client has discovered that the people do not want a free wharf and that he has further discovered that there is not enough ground there anyway for the improvements he proposes to make.

Then Attorney Percy R. Wilson asked that the Trustees take up the application of W. T. Wheatley, who made application for a wharf franchise on the same frontage in October, 1907, in the interest of the Pacific Lumber Company. This application had been filed without action.

While this application was still under discussion, Trustee Tilton sprung a surprise with a motion that the City Attorney be instructed to draft an ordinance dedicating this 800 feet to the public for a landing forever. His motion carried by the unanimous vote of the board.

Various explanations have been offered as to the probable motives of Trustee Tilton in offering his motion, but there seems to be general acceptance of the gift-horse without looking the animal in the mouth.

Additional frontage was also dedicated to the public by ordinance. This is 130 feet, ninety feet wide, between the pier and bulkhead lines at East San Pedro, just in front of the Salt Lake Depot and California fish cannery. There is no wharf or other improvements on this frontage.

CONSOLIDATION ELECTION.

City Attorney Hewitt of Los Angeles appeared before the San Pedro Trustees and asked that the ordinance calling the consolidation election be deferred one week, which he declared would give ample time to hold the election on August 13, the date fixed by the Los Angeles City Council. He suggested that the Trustees instruct the City Attorney of San Pedro meantime regarding such consolidation of precincts for the election as might seem desirable.

The matter was taken under advisement. It is understood that the election will be called in due time.

RALLY AT TERMINAL.

The San Pedro Consolidation Committee has called a consolidation rally for East San Pedro and Terminal Island for this evening at the Terminal Island pavilion. It is expected that nearly the entire membership of the Los Angeles Consolidation Committee will be in attendance. W. D. Stephens, Stoddard Jew, Joseph Scott and T. E. Gibson of the Los Angeles committee will speak. There will also be speeches by members of the San Pedro committee.

The members of the Los Angeles committee will leave Los Angeles this evening on the 4:35 o'clock Pacific Electric car for San Pedro. Boats to accommodate those attending from San Pedro will leave the San Pedro Fifth-street landing at 7 o'clock. There will be music by the Marine Band.

The Los Angeles Consolidation Committee has been delayed in removing its headquarters to the Los Angeles Chamber of Commerce but expects to be settled there by tomorrow.

CONTRARY TROLLEY TALK.

After acting on water front matters the San Pedro City Trustees yesterday took up the matter of the application of the Pacific Electric Railway Company for a franchise for a steam line on the Palos Verdes street, that city.

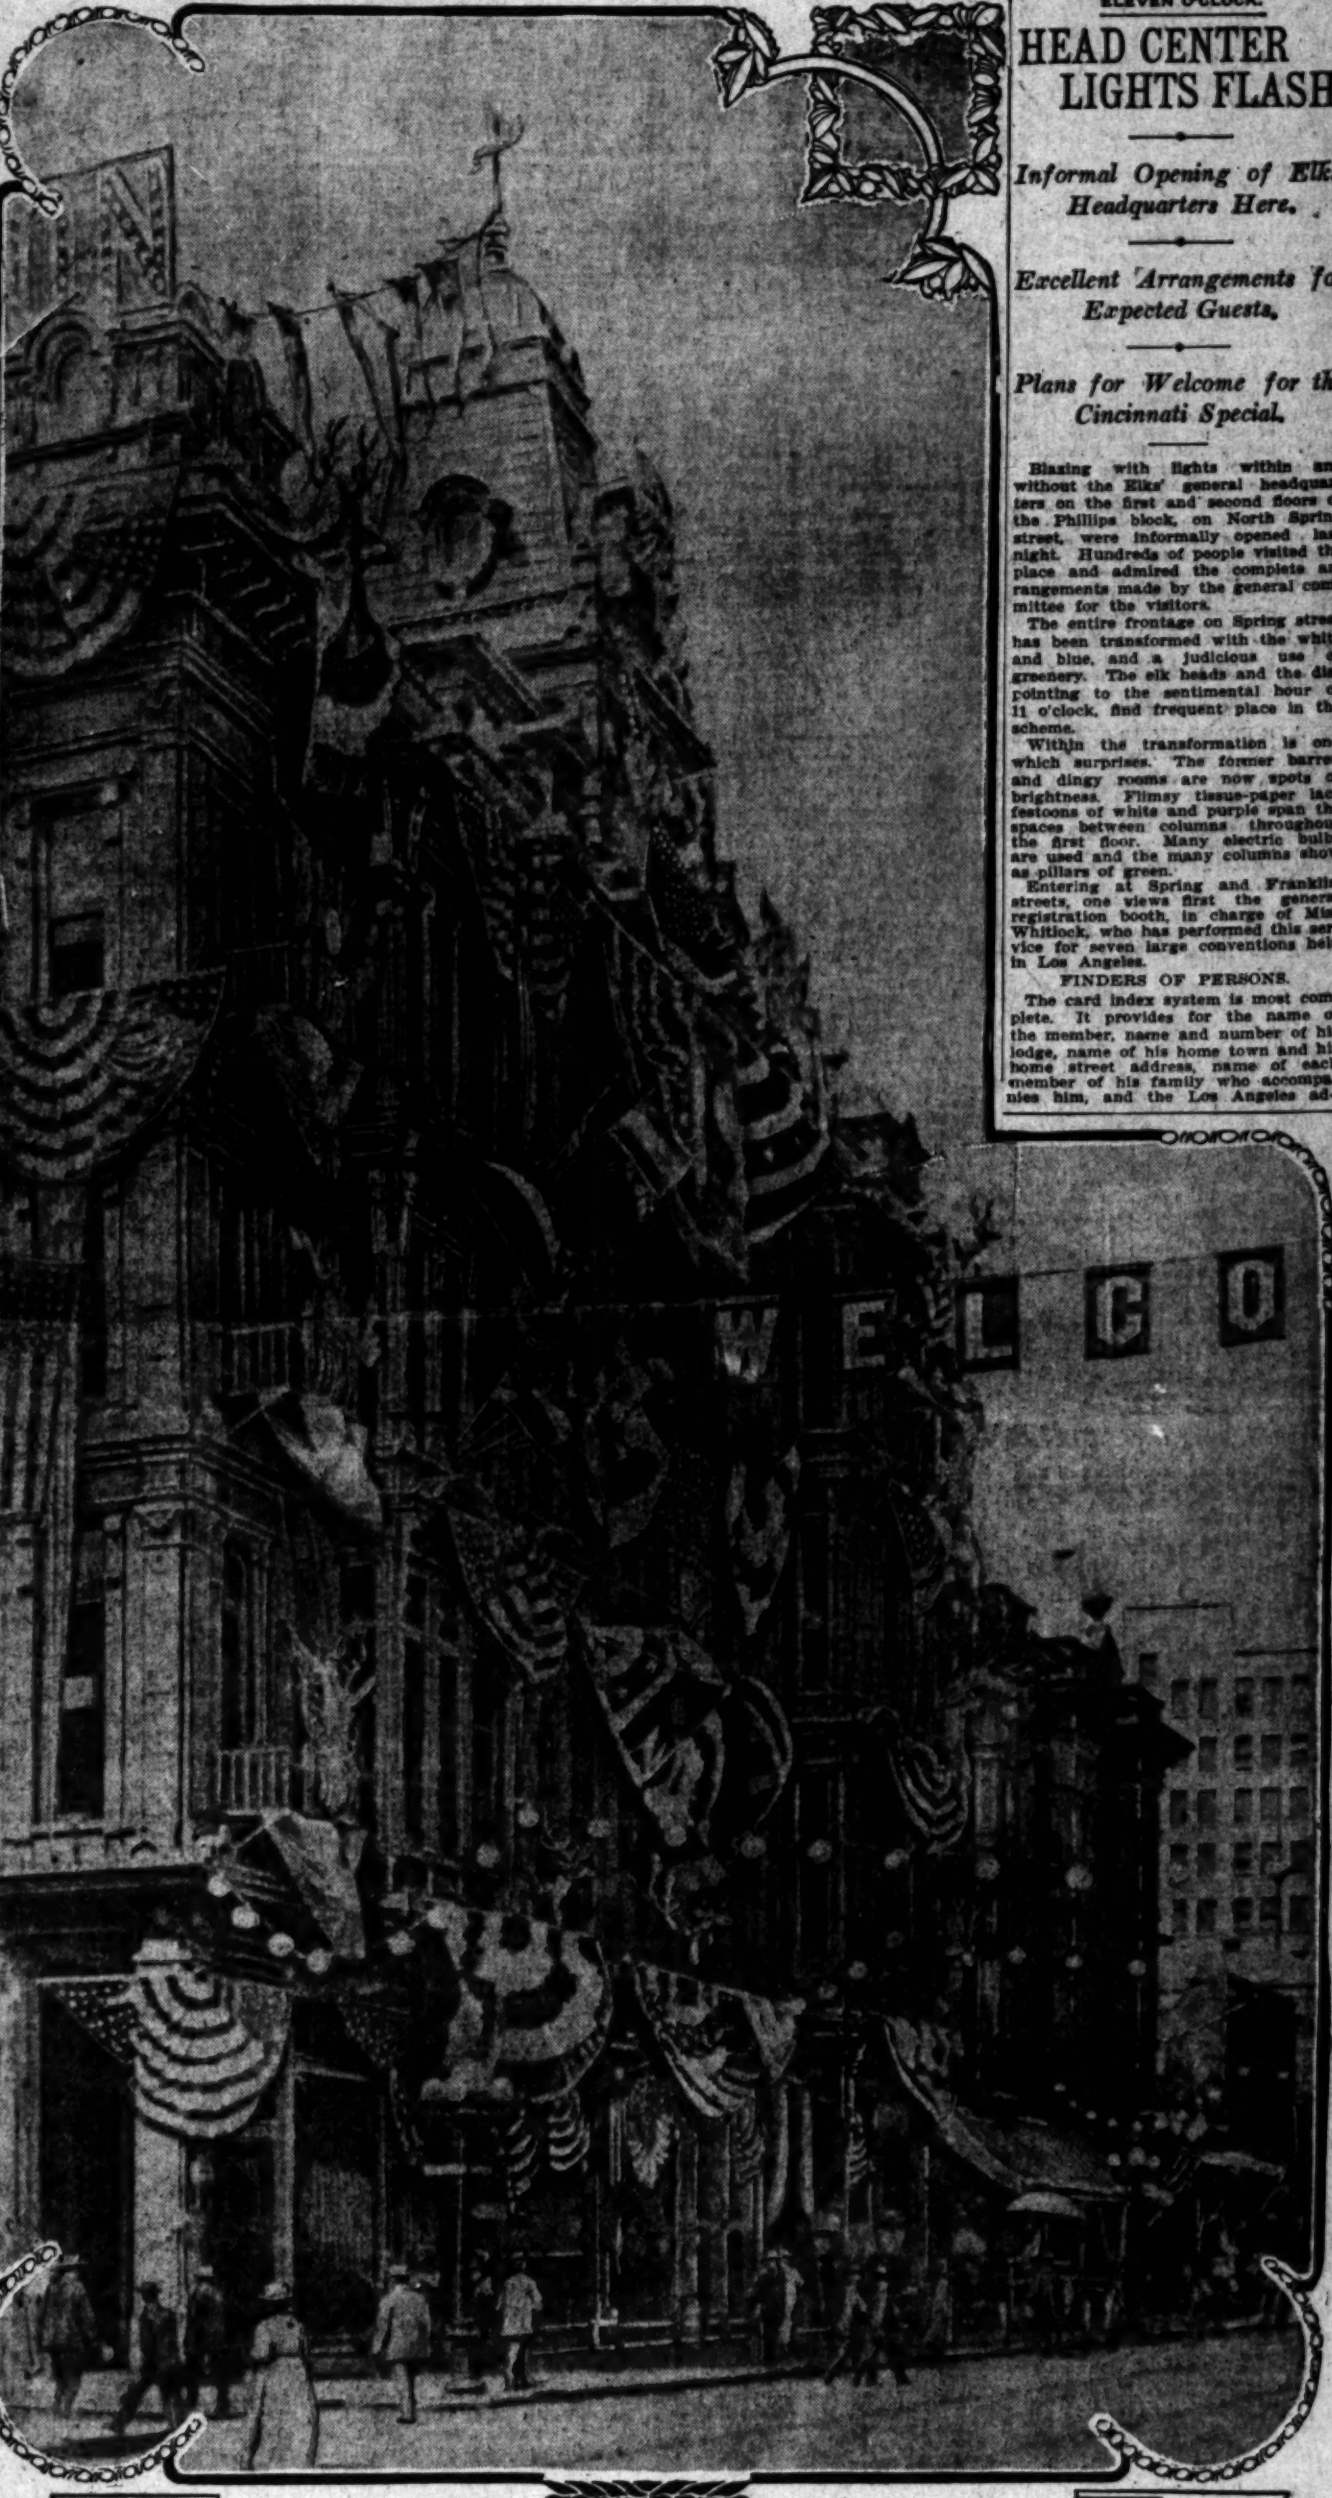

A new application for this franchise was filed with slight modifications.

HEAD CENTER LIGHTS FLASH.

Informal Opening of Elks' Headquarters Here.

Excellent Arrangements for Expected Guests.

Plans for Welcome for the Cincinnati Special.

Blazing with lights within and without the Elks' general headquarters on the first and second floors of the Phillips block, on North Spring street, were informally opened last night. Hundreds of people visited the place and admired the complete arrangements made by the general committee for the visitors.

The entire frontage on Spring street has been transformed with the white and blue, and a judicious use of greenery. The silk heads and the dial pointing to the sentimental hour of 11 o'clock, and frequent place in the scheme.

Within the transformation is one which surprises. The former barren and dingy rooms are now spots of brightness. Flimsy tissue-paper lace festoons of white and purple span the spaces between columns, throughout the first floor. Many electric bulbs are used and the many columns show as pillars of green.

Entering at Spring and Franklin streets, one views first the general registration booth, in charge of Miss Whitlock, who has performed this service for seven large conventions held in Los Angeles.

FINDERS OF PERSONS.

The card index system is most complete. It provides for the name of the member, name and number of his lodge, name of his home town and his home street address, name of each member of his family who accompanies him, and the Los Angeles address.

Headquarters Where All the Visiting Elks Will Be Welcomed to Los Angeles.

Elaborately embellished Phillips Block, North Spring and Franklin streets, opened to the public and inspected by thousands last night. It contains the registration, hotel, automobile and many other bureaus, hospital and an immense Japanese garden. The view is from First and Spring streets.

CITY'S BIRTHDAY SOON.

Novel Features to Mark Hundred and Twenty-fifth Anniversary of Los Angeles' Founding.

Preparations are in progress for the celebration of the 125th anniversary of the founding of Los Angeles, August 13. Novel features will be introduced.

In the quaint little court back of the old rectory at the Church of Our Lady of Angels, pretty señoritas and handsome dark-skinned youths are rehearsing fantastic dances of the olden time, and are learning their poses in a series of tableaux and living pictures, which are to depict the earliest days of Southern California. A series of historical scenes will be presented, and the affair will be the most elaborate of any yet undertaken on the city's natal day.

Services will be held in the church, with a historical sermon by Padre Juan Caballero, and a programme of special music.

The sunrise salutes will be fired under the supervision of Gen. Jose Aguilar, now almost a centenarian, and a general holiday is to be observed by the members of the old parish.

TROWEL AS MATCHMAKER.

Traveling Masonic Emblem Responsible for Romance That Culminates in Wedding.

Exactly two months after they had met, on the recent "Traveling Trowel" trip to Mexico, Charles A. Anderson, long connected with the Los Angeles postoffice and prominent in Masonic circles, and Miss Ella Pinkerton, who is well known in Westlake society, staid a march on their friends and were married yesterday afternoon at the home of the bride's sister, Mrs. Frank Collier. Rev. Mr. Adams, assistant pastor of the Immanuel Presbyterian Church, officiated.

GOING TO VISIT IN EAST.

Arthur E. Sherburne, a deputy sheriff of Imperial county, has been in the city the past two days, and departed last night for Chicago. From there he will go to his former home in Montana for a visit of several weeks.

GOING TO VISIT IN EAST.

Mr. Anderson is a Past Master in the Masons, and has taken the thirty-second degree. He is also a Shriner, in which order he is a Past High Priest. For twenty years he has been connected with the postoffice, and is now chief of the money order department.

GOING TO VISIT IN EAST.

Arthur E. Sherburne, a deputy sheriff of Imperial county, has been in the city the past two days, and departed last night for Chicago. From there he will go to his former home in Montana for a visit of several weeks.

dress. Even the relation of the persons accompanying him, whether mother, wife, sister or brother, is designated on this index. Miss Whitlock will have a corps of a dozen young ladies to assist her here.

Immediately across the aisle from this booth is the hotel bureau where visitors who have not yet been located can secure their local stopping places.

Then along wide aisles have been arranged departments and booths of various kinds, designed for the comfort and convenience of the sojourners. One of these is a telephone exchange for both the Home and Sunset lines, to be constantly in charge of expert operators. The Western Union and Postal Telegraph Companies each will have offices in the first floor and will keep operators in constant service. The San comes to the general aid by establishing a branch of the postoffice in one corner of the first floor.

A novel feature is a large space devoted to a record of the movement of the Elks' special trains. Three direct

Los Angeles County—Correspondence from Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA.
TO FIGHT CASE
TO BITTER END.SUIT OF MRS. TURNER TO BE
STRONGLY CONTESTED.Family Troubles Will Be Aired
in Court and Brother of Defendant
in Alleged Wife Desertion Suit
Says "It Will Be a Lovely Mess."

Office of the Times, No. 21 E. Broadway Ave.

PASADENA, July 7.—A plea of not guilty will be entered today and counter charges will be filed against Mrs. Jeannette Turner. Her brother has never refused to support his wife; has offered to do so in full measure until such time as the court can dissolve the marriage and as soon as possible will take steps to secure a divorce.

This statement was made last night by H. D. Turner in regard to the action brought against his brother, Frank D. Turner, Jr., before Judge Davis, on charges of wife abandonment, preferred against him by the District Attorney on information sworn to by his wife, Mrs. Jeannette Turner.

The defendant was asked to answer to the Superior Court by Justice H. H. Klamroth of Pasadena a month ago and the information was filed against him in the Superior Court yesterday.

Continuing, the brother of Frank Turner, said: "My brother has asked me to speak for him and if this thing must be dragged into publicity you may quote me, rather than my father or my brother. We have but recently come here from New York and have settled down to business in Pasadena, as you know, and it is distressing and scandalous to step in to handicap our business interests and plans, but it is evidently has to be done and we will fight the issue to the bitter end."

"Frank met this woman in New York and married her on six weeks acquaintance against the wishes of his father and mother. He lived with her from November until April and received such treatment from her that it was necessary for him to call in a physician. He kept these facts from us and came to Pasadena, bringing his wife with him. They arrived on Friday, early in April, and on the following Monday, Mrs. Jeannette Turner wrote a note to my father, which she still has and which will be introduced in court as evidence, stating that she wanted to go back to New York with her father and mother."

She admitted to my father that Pasadena was too slow for her and that that was the reason why she wanted to return to New York. Oh, it will be a lovely mess, but if it has to come it might as well come now as any time. My brother, who is a very nice and mistake and now he has to face the music."

"I, D. Turner, Sr., father of the defendant, said: "I shall fight the case and fight it bitterly." Attorney H. H. Appel of Los Angeles will represent Frank Turner before Judge Davis.

SCHOOL BOARD ORGANIZES.
At a meeting of the new Board of Education held last night, the president and W. W. Ogier, vice-president, and other members of the board were present. The board will meet at 8 o'clock last night. Mr. Ogier, who is a resident of Brooklyn, N. Y., but had spent the last five years here, was in his seventy-second year. The funeral will take place at the residence tomorrow afternoon at 2 o'clock.

BURNED BY OIL.
George Baker, foreman for Charles Baldwin, while working on a steam roller in the Arroyo Seco yesterday morning, was almost burned to death by oil which ignited on the cylinder of the engine, enveloping his face, arms and legs with flames. He was hurried in an automobile to the Pasadena Hospital where it was stated at 9 o'clock last night that he has an even chance to live.

When first attended it was thought that he was dead, but a steam bath revived him. Dr. Ralph Newcomb, who treated the injured man, found the face crisp all over and the hands and legs badly burned in many places. Baker was leaning over the engine of the roller when the oil suddenly ignited. He lives on Cypress avenue.

CITY HAS NUT TO CRACK.
At the Council meeting, yesterday, presided over by Councilman H. C. Hotelling in the absence of Mayor Earley, a proposition from Goven & Willard to purchase the walnut crop of the city farm was considered. The city has been handling its crop through the Walnut Growers' Association and is loath to desert the organization although the offer from the private concern is a fair one. It was found that the association had taken no action provided for the exclusion of all calls and as some of the councilmen seemed to be confused, the matter was continued pending investigation by Chairman Barnes of the city farms committee.

KOINER RETURNS.
Manager C. W. Koiner of the musical electric lighting plant, returned yesterday from Thousand Oaks, Park, New York, where he attended the annual convention of the American Association of Electrical Engineers. Koiner was president of the Southern California delegation.

During his visit to the firm which is manufacturing the machinery for the lighting plant extensions and reports that the supplies will be landed here on time and that the entire system as planned should be completed by the middle of September. The convention closed at 11 o'clock.

LONG BEACH.
NEW LAW GOES
INTO EFFECT.INTOXICANTS CAN BE DRUNK,
BUT NOT SOLD.Mrs. Grundy Committed for Trial
Before Superior Court on Charge
of Attempting to Murder Husband,
Council Again Postpones Fixing
the Light Rate.

Office of the Times, No. 21 E. Broadway Ave.

LONG BEACH, July 6.—Ordinance No. 52, the pride of the prohibitionists, passed into history today, and No. 105 takes its place. The only difference between the two is that the new one gives a man the right to have liquor for himself and his family in his own home, and by this rule the guests of Hotel Virginia can be served.

The Council this morning canvassed the vote of last Friday's election, and found that 170 votes were cast. Ten ballots were rejected, and of the balance, 94 were for the new ordinance and 86 against. By resolution the Council declared the initiative ordinance carried, and in full force. The City Attorney was instructed to confer with the police and notify them of the decision. The ordinance is operative in preventing the sale of liquor.

GRUNDY CASE.
After the preliminary hearing in Justice Brantley's court today, Mrs. Russell Grundy, charged with attempting to murder her husband, was held to answer to the Superior Court, and her bond fixed at \$2500. She was represented by Miss Nicholson, an attorney from Los Angeles. Grundy swore that she put her hand in her purse and fired a shot at him. Mrs. Grundy positively affirmed that she did not intend to kill her husband, but that she was afraid of him and that she had fired the shot. Grundy's mother, who was present, but did not see who fired it.

AGAIN DEFERRED.
The Edison Electric Company this morning submitted to the Council its annual statement of receipts and expenditures for 1908. The former were \$100,444.65, and the expense \$23,552.66, leaving a surplus of \$76,891.99. The property of the company is valued at \$219,566, making the profit about an earning of a trifle over 10 per cent. The company claims that it is not a profitable investment on which to place loans for extensions and improvements. The Council will report, so action was deferred one week.

TRAMPS FIRE HOUSE.
Fire at 3 o'clock this morning destroyed the handsome Ayres home at the corner of Ojai and Elliott streets. All the furnishings are also a complete loss. The fire was caused by the cracking of the flames sought to save some of the contents, but the fire department failed to make long trip to the scene, and arrived too late to be of use. The Ayres family is visiting in Alhambra and the house was unoccupied. It is thought tramps gained admittance and committed the destruction. The loss is estimated at \$2500, partially covered by insurance.

The First Christian Church has announced that it will hold a service to determine the fate of the church. The service will be held at 8 o'clock this evening. The church is located at the corner of Ojai and Elliott streets. The church is a handsome building and is a landmark in the city.

FOR NEW BLOCK.
When the First Methodist Church moved into the new building at the corner of Ojai and Elliott streets, the building was wrecked and a three-story brick business block erected on the site by the owners, the Land and Building Company. The various departments of the city today filed their estimates of the cost of the new building. The estimates range from \$100,000 to \$150,000. The city will have to pay for the new building. The city will have to pay for the new building.

PROTECTIONISTS ALARMED.
Speech of Senator Chaumie to French Deputies Calls for Radical Change in Policy.
[ASSOCIATED PRESS DAY REPORT.]
PARIS, July 6.—Senator Chaumie today, in a speech to the French Chamber of Deputies, called for a radical change in policy. He said that the French government should not be afraid to take bold steps to protect its interests. He said that the French government should not be afraid to take bold steps to protect its interests.

HEAD AND POLE MEET.
Conductor Simonson of the Pacific Electric attempted to swing around the rear of his car this morning as it turned toward the barn on American street. He heard a sound of a tire popping between the tracks, and fell to the ground unconscious. His injuries are not serious.

ALHAMBRA.
ALHAMBRA, July 6.—A garden fête was held at the clubhouse on Monday evening under the direction of the ladies of the Wednesday Afternoon Club. The garden was beautifully decorated and the evening was a success. The ladies of the club were very kind and the evening was a success.

LONG BEACH.
NEW LAW GOES
INTO EFFECT.INTOXICANTS CAN BE DRUNK,
BUT NOT SOLD.Mrs. Grundy Committed for Trial
Before Superior Court on Charge
of Attempting to Murder Husband,
Council Again Postpones Fixing
the Light Rate.

Office of the Times, No. 21 E. Broadway Ave.

LONG BEACH, July 6.—Ordinance No. 52, the pride of the prohibitionists, passed into history today, and No. 105 takes its place. The only difference between the two is that the new one gives a man the right to have liquor for himself and his family in his own home, and by this rule the guests of Hotel Virginia can be served.

The Council this morning canvassed the vote of last Friday's election, and found that 170 votes were cast. Ten ballots were rejected, and of the balance, 94 were for the new ordinance and 86 against. By resolution the Council declared the initiative ordinance carried, and in full force. The City Attorney was instructed to confer with the police and notify them of the decision. The ordinance is operative in preventing the sale of liquor.

GRUNDY CASE.
After the preliminary hearing in Justice Brantley's court today, Mrs. Russell Grundy, charged with attempting to murder her husband, was held to answer to the Superior Court, and her bond fixed at \$2500. She was represented by Miss Nicholson, an attorney from Los Angeles. Grundy swore that she put her hand in her purse and fired a shot at him. Mrs. Grundy positively affirmed that she did not intend to kill her husband, but that she was afraid of him and that she had fired the shot. Grundy's mother, who was present, but did not see who fired it.

AGAIN DEFERRED.
The Edison Electric Company this morning submitted to the Council its annual statement of receipts and expenditures for 1908. The former were \$100,444.65, and the expense \$23,552.66, leaving a surplus of \$76,891.99. The property of the company is valued at \$219,566, making the profit about an earning of a trifle over 10 per cent. The company claims that it is not a profitable investment on which to place loans for extensions and improvements. The Council will report, so action was deferred one week.

TRAMPS FIRE HOUSE.
Fire at 3 o'clock this morning destroyed the handsome Ayres home at the corner of Ojai and Elliott streets. All the furnishings are also a complete loss. The fire was caused by the cracking of the flames sought to save some of the contents, but the fire department failed to make long trip to the scene, and arrived too late to be of use. The Ayres family is visiting in Alhambra and the house was unoccupied. It is thought tramps gained admittance and committed the destruction. The loss is estimated at \$2500, partially covered by insurance.

The First Christian Church has announced that it will hold a service to determine the fate of the church. The service will be held at 8 o'clock this evening. The church is located at the corner of Ojai and Elliott streets. The church is a handsome building and is a landmark in the city.

FOR NEW BLOCK.
When the First Methodist Church moved into the new building at the corner of Ojai and Elliott streets, the building was wrecked and a three-story brick business block erected on the site by the owners, the Land and Building Company. The various departments of the city today filed their estimates of the cost of the new building. The estimates range from \$100,000 to \$150,000. The city will have to pay for the new building. The city will have to pay for the new building.

PROTECTIONISTS ALARMED.
Speech of Senator Chaumie to French Deputies Calls for Radical Change in Policy.
[ASSOCIATED PRESS DAY REPORT.]
PARIS, July 6.—Senator Chaumie today, in a speech to the French Chamber of Deputies, called for a radical change in policy. He said that the French government should not be afraid to take bold steps to protect its interests. He said that the French government should not be afraid to take bold steps to protect its interests.

You'll Want a New Supply for Elk's Week.

Get Them Today.

Special in the "Acquaintance Sale."

398c Hammocks at \$2.50

Upholstered and tasseled turn-back pillow. Spreader at head and foot. The strong close canvas weave in splendid color combinations.

Special in the "Acquaintance Sale."

SANTA ANA TEAM DEFEATS THE SOUTHERN CALIFORNIA RIFLES

THE rifle team of Company L of Santa Ana defeated two teams of the Southern California Rifles, one from Los Angeles and one from Santa Ana, Monday, in the final contests of a two-day's shoot held on the Santa Ana range. Only four points separated the National Guard team and the Los Angeles team.

In the 300 and 1000-yard match shoots the Los Angeles team won handsily, as did individual members in the shooting Sunday.

The scores were:

NATIONAL GUARD.

SAN PEDRO FRANCHISE.

(Continued From First Page.)

providing that "no motive power other than electricity shall be used south of Santa Cruz street," and that work on the line shall begin within six months and be completed within eighteen months. The provision regarding electric power does not apply north of Santa Cruz street, where the proposed road will run over a private right of way, excepting where it crosses several public streets.

The application asks a franchise over Palos Verdes from Santa Cruz street south to Thirtieth street for fifty years for double-track steam railroad about a mile in length. It is proposed to dedicate a new street about one-third as long, following the private right of way of the proposed approach to the new Palos Verdes street line.

The two propositions are supposed to have some connection, probably for the reason that they both came up at the same time and that the same action has followed both. In lieu of the streets asked to be vacated, aggregating about a mile in length, it is proposed to dedicate a new street about one-third as long, following the private right of way of the proposed approach to the new Palos Verdes street line.

Arrangements have been made for a series of receptions along the route of the Cincinnati special, which travels in two sections and which will reach California Friday.

A special chair car will go out from Los Angeles on the Salt Lake road at 8:30 o'clock a. m. Friday, carrying a party of local officials of the B. O. R., including Past Exalted Rulers from Los Angeles and Long Beach, and at San Bernardino they will meet and extend greetings to the Cincinnati visitors.

There will be stops of one hour each at San Bernardino, Riverside and Pomona, and receptions and other ceremonies will take place at each city under the auspices of the local lodges.

The party will arrive in Los Angeles about 7 o'clock Friday evening and will be escorted by the White Squadron and the Catalina Band to Hotel Alexandria.

The Cincinnati party numbers about three hundred persons, including seventy-five ladies. Members of this party are Past Exalted Rulers John Galvin of Cincinnati, William J. O'Brien of Baltimore, Joseph T. Fanning of New York and August Herrman of Cincinnati.

James Raff, a steel manufacturer from Brisbane, Queensland, Australia, is registered at the Westminster. He is on a trip around the world, incidentally looking up the industrial situation in the local service.

He is a poor, he said. It is not safe

with 44 for his first string. Capt. Pearson was high man at 200 yards, with 46 and he tied with Crossman for high place at 500 yards with 45. The work of this regular army captain was the best of the day, as he was entirely without practice and was shooting a strange gun. His work is not surprising, however, in view of the fact that he has shot on the army teams of different sorts for years and knows the game thoroughly.

The day was a perfect one for the shoot, the light being good and the sun not too strong. A half dozen of the former Glendale Rifles shot on the range, Andrews being high man.

The first six men on the list will probably compose the team to shoot against the northern clubs, Tacoma, Spokane and Seattle, although Alkin, Bathery, Umeled and Longstreth have claims for places. It is probable that the team and alternates will consist of Capt. Pearson, Crossman; Kellogg; Adams; Hansen; Miles; Umsted and Alkin.

ELK'S HEADQUARTERS.

(Continued From First Page.)

telephone wires to the railroad stations will keep the blackboard man posted to the moment, and the movement of trains from the station to their arrival is to be chronicled. A space is reserved showing the hotel headquarters for each special train.

One convenience that is sure to be much appreciated is that in which many typewriters of various makes are provided for the use of visitors. Another is a booth which makes registration for northern hotels for those desiring to tour the State after the programme is completed in Los Angeles.

SQUADRON FOR ESCORT.

At the western end of the great room are headquarters of White Squadron Drill Corps and the gallery just above this is to be used by the massed band of eighty pieces, which is to give daily concerts. This drill corps and band will meet each of the special trains and will escort the visitors to their hotels.

About half of the second floor is set off with walls of palm branches and pepper bought as a restaurant. Couches, rockers, settees and cushions invite to the repose. This will undoubtedly be one of the most popular places in the big building.

The southeast corner of the second floor has been fitted up. It is composed of six sections, divided with walls of white and purple, and here a corps of trained nurses and several surgeons will be on duty day and night.

ESTIMATES NUMBER.

Miss Whitlock, who has had charge of the hotel work for the past three weeks, said last night that she estimated that Los Angeles will have 6,000 visitors, including the Elk and their relatives accompanying them. She believes this is a conservative statement, as it is based on hotel registration and reservations up to yesterday.

The registration department at the general headquarters will open for lo-

telephone wires to the railroad stations will keep the blackboard man posted to the moment, and the movement of trains from the station to their arrival is to be chronicled. A space is reserved showing the hotel headquarters for each special train.

One convenience that is sure to be much appreciated is that in which many typewriters of various makes are provided for the use of visitors. Another is a booth which makes registration for northern hotels for those desiring to tour the State after the programme is completed in Los Angeles.

SQUADRON FOR ESCORT.

At the western end of the great room are headquarters of White Squadron Drill Corps and the gallery just above this is to be used by the massed band of eighty pieces, which is to give daily concerts. This drill corps and band will meet each of the special trains and will escort the visitors to their hotels.

About half of the second floor is set off with walls of palm branches and pepper bought as a restaurant. Couches, rockers, settees and cushions invite to the repose. This will undoubtedly be one of the most popular places in the big building.
